BE YOURSELF

PLASTIKARMAN

C'è un mondo di plastica in mezzo a noi: ci avvolge, ci racchiude.

È una realtà dai contorni indefiniti, sfocati, strappati.

Secoli di progresso, vissuti nella convinzione del benessere ad ogni costo e nella visione grottesca dell'usa e getta, stanno mettendo a repentaglio la vita stessa su questo pianeta.

La metamorfosi evolutiva si è arrestata: l'essere primitivo, adorno di pelli, archetipo di un universo tanto lontano dalle nostre abitudini, idealmente si ricongiunge a noi, come in un cerchio che si chiude.

Vestiti, non di pelli ma di plastica, con le fragilità e quel caparbio istinto di sopravvivenza, ci confrontiamo col nostro passato e scopriamo, con sgomento, di essere regrediti al punto d'inizio, come se millenni di sviluppo non ci avessero portato a nulla.

Soli, con le nostre nudità e le nostre piccole convinzioni, come l'essere di un tempo remoto, costretto entro la propria dimora di fortuna, siamo aggrappati a ciò che più ci rassicura, al calore vitale di un ipotetico fuoco, ad una luce salvifica.

Da quella luce, metaforica o reale che sia, dobbiamo ripartire, per ricostruire una visione differente della vita: possibilmente liberi da fuorvianti modelli di sviluppo e dalla plastica.

Noi di Karman ci stiamo lavorando.

We're living submerged in a world of plastic: it wraps itself around us, closing us in.

It's a reality with undefined, out-of-focus, torn boundaries.

Centuries of progress, lived in the belief that human wellbeing is paramount, whatever the cost, and in the grotesque vision of throwaway culture, are jeopardising the very life of this planet.

Our evolutionary metamorphosis has stopped: the primitive being, covered in skins, the archetype of a universe light years from our own lifestyle is ideally catching up with us again, coming full circle.

Dressed, not in skins but in plastic, and accompanied by that stubborn survival instinct and our fragilities, faced with our past, we are dismayed to find that we've regressed to the starting point, as if thousands of years of development had led to nothing.

Alone, with our vulnerabilities and paltry beliefs, like those beings from long ago, confined in our makeshift home, we cling to the force that reassures us most, to the vital warmth of a hypothetical fire, to a light that will be our salvation.

We must start again from that light, whether metaphorical or real, and rebuild a different vision of life: a life - if possible - free from misleading development models, and from plastic.

Here at Karman, we're working on it.

POIS

design matteo ugolini

Dalle stampe su pregiati tessuti alla decorazione dello spazio esterno, fluttuando tra sfondi di suggestive architetture e quelle più pittoriche della natura, Pois di luce si mimetizzano come lucciole nel giardino e fanno capolino tra i cespugli.

From fine fabric prints to outdoor decor, floating against backdrops of striking architecture or colourful nature, the Pois light camouflages itself like a firefly in the garden, peeping through the bushes.

ABACHINA

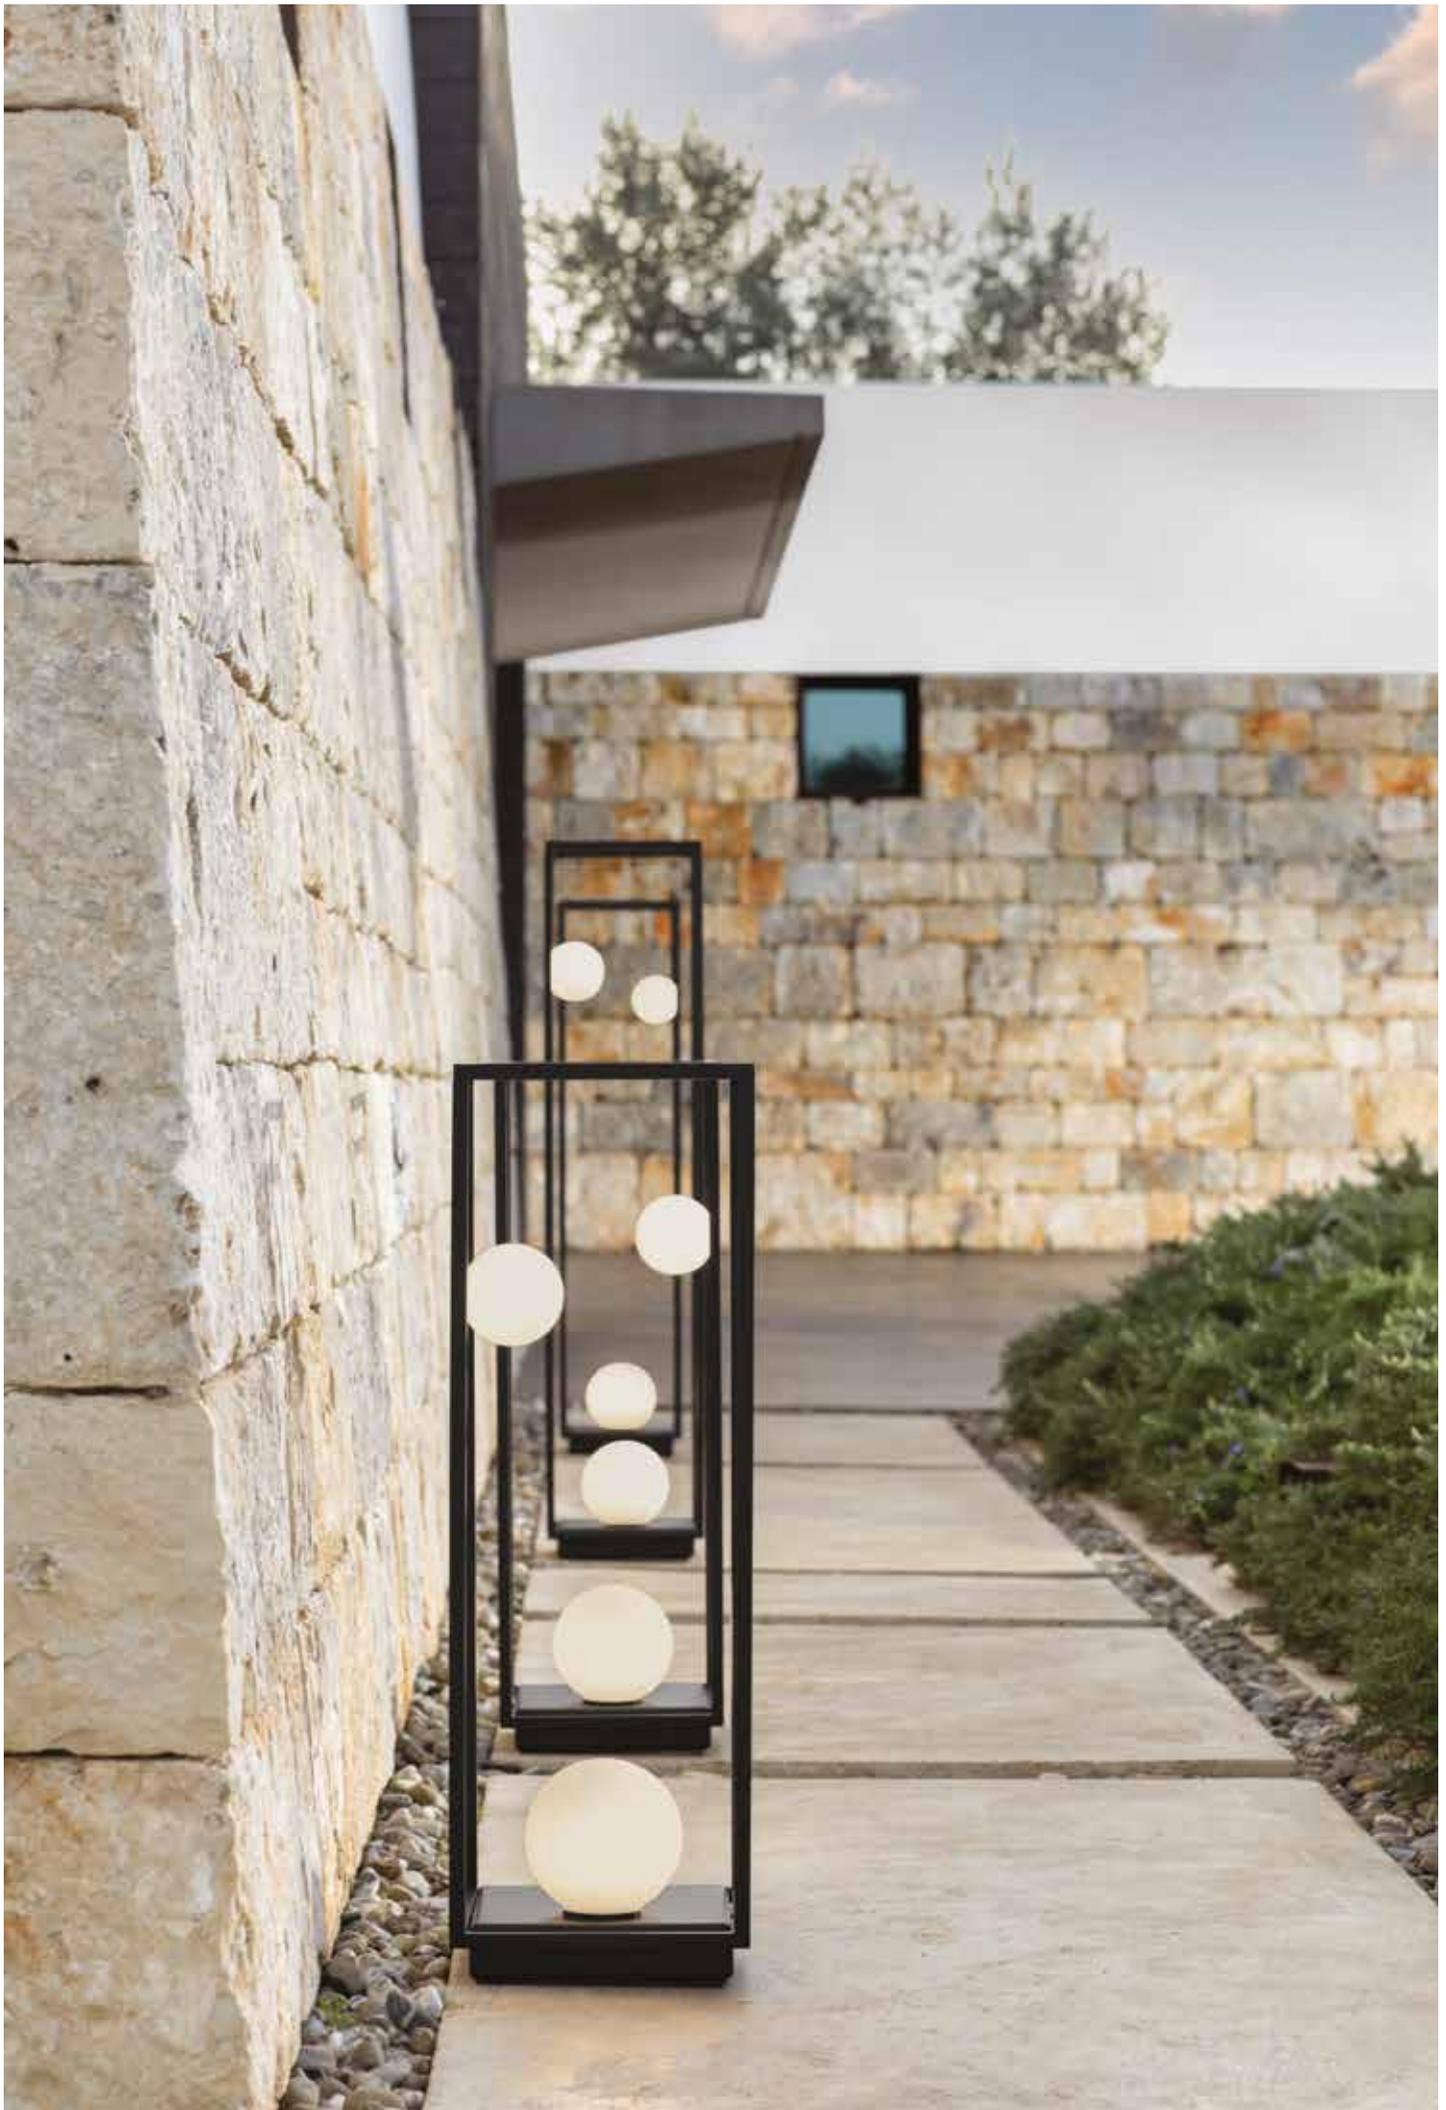

design edmondo testaguzza

Piccole sfere di vetro soffiato, ancorate alla struttura metallica a parallelepipedo, rimandano ad un'attività ludica e allo scorrere delle palline sul pallottoliere.

Little spheres of blown glass, secured to a rectangular metal frame, a reference to games, reminiscent of beads sliding along an abacus.

Leda

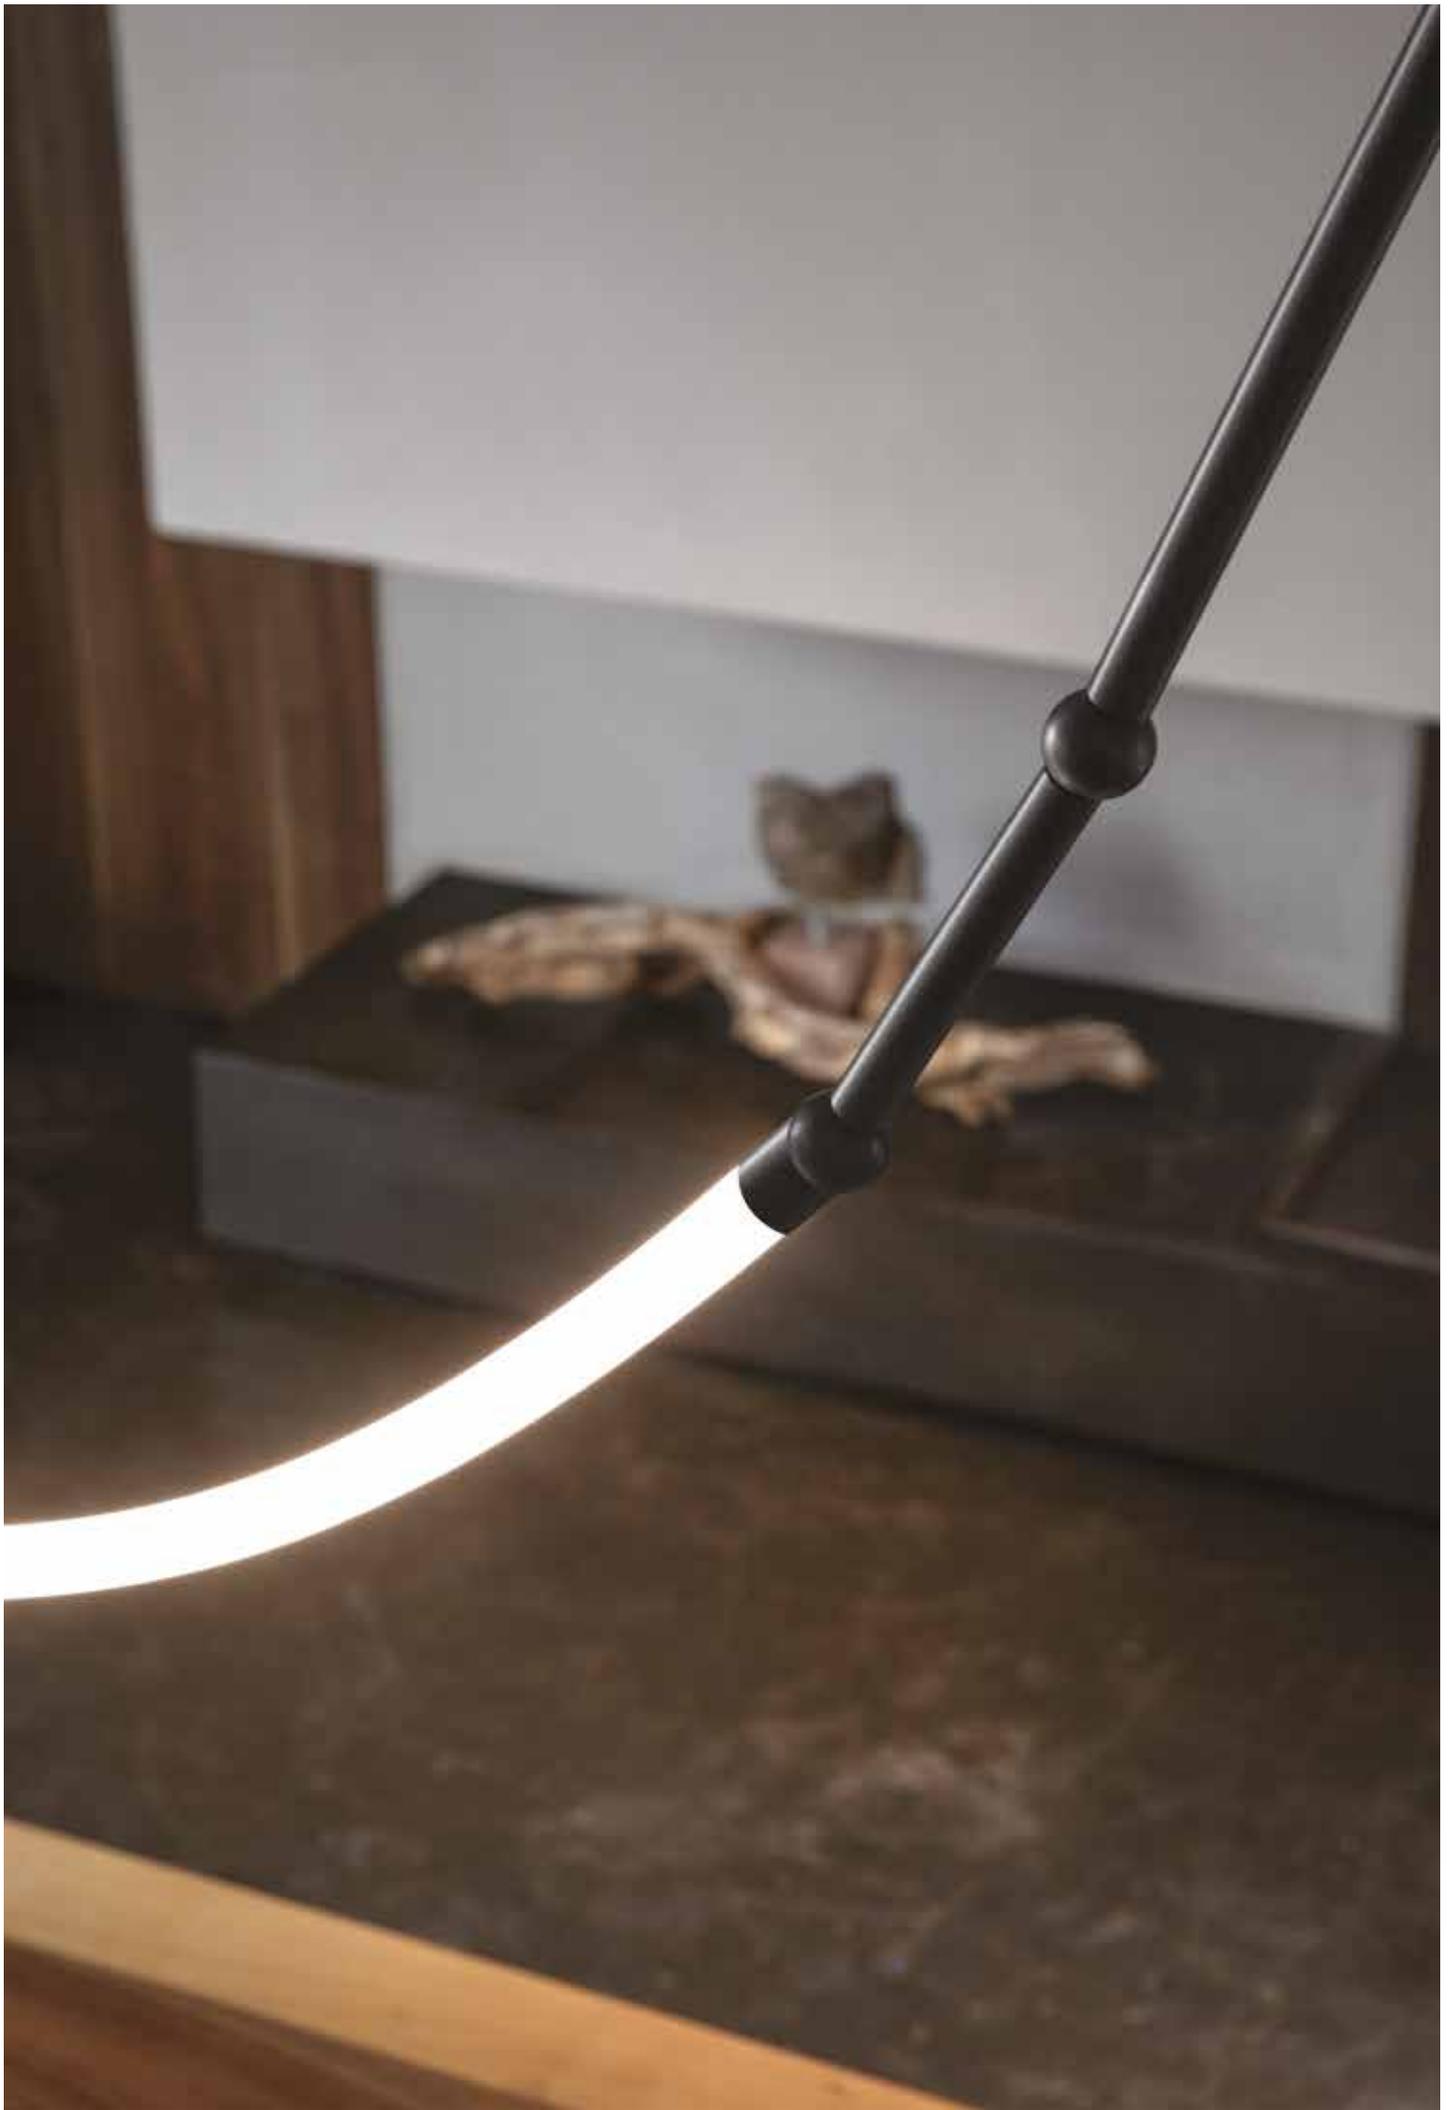

design debonademeo

Leda, il led al femminile. Il mito di Leda e il Cigno rivive in un inedito incontro tra poesia e tecnologia. Una collana luminosa composta da sfere e cilindri in alluminio anodizzato e da un diffusore flessibile che consente molteplici conformazioni in ambienti sia interni che esterni. Una piccola asola di metallo permette di definire a piacere la disposizione e la forma.

Leda, a Led with a feminine touch. The myth of Leda and the Swan is back in a brand new encounter of poetry and technology. A necklace of light composed of spheres and cylinders in anodized aluminium and with a flexible diffuser that lends itself to a variety of arrangements in both indoor and outdoor spaces. A small metal slot allows you to change the layout and shape of your choice.

Agua

design matteo ugolini & edmondo testaguzza

Costellazioni geometriche volteggiano infinite sopra di noi. Come una goccia di rugiada pura e trasparente che riflette la luce dell'alba dopo una notte serena, Agua fluttua con leggerezza impercettibile, come i sogni al mattino.

Geometric constellations fly in infinite circles above us. Like a pure, clear dewdrop reflecting the light of the dawn after a calm night, Agua floats with an imperceptible lightness, like dreams in the morning.

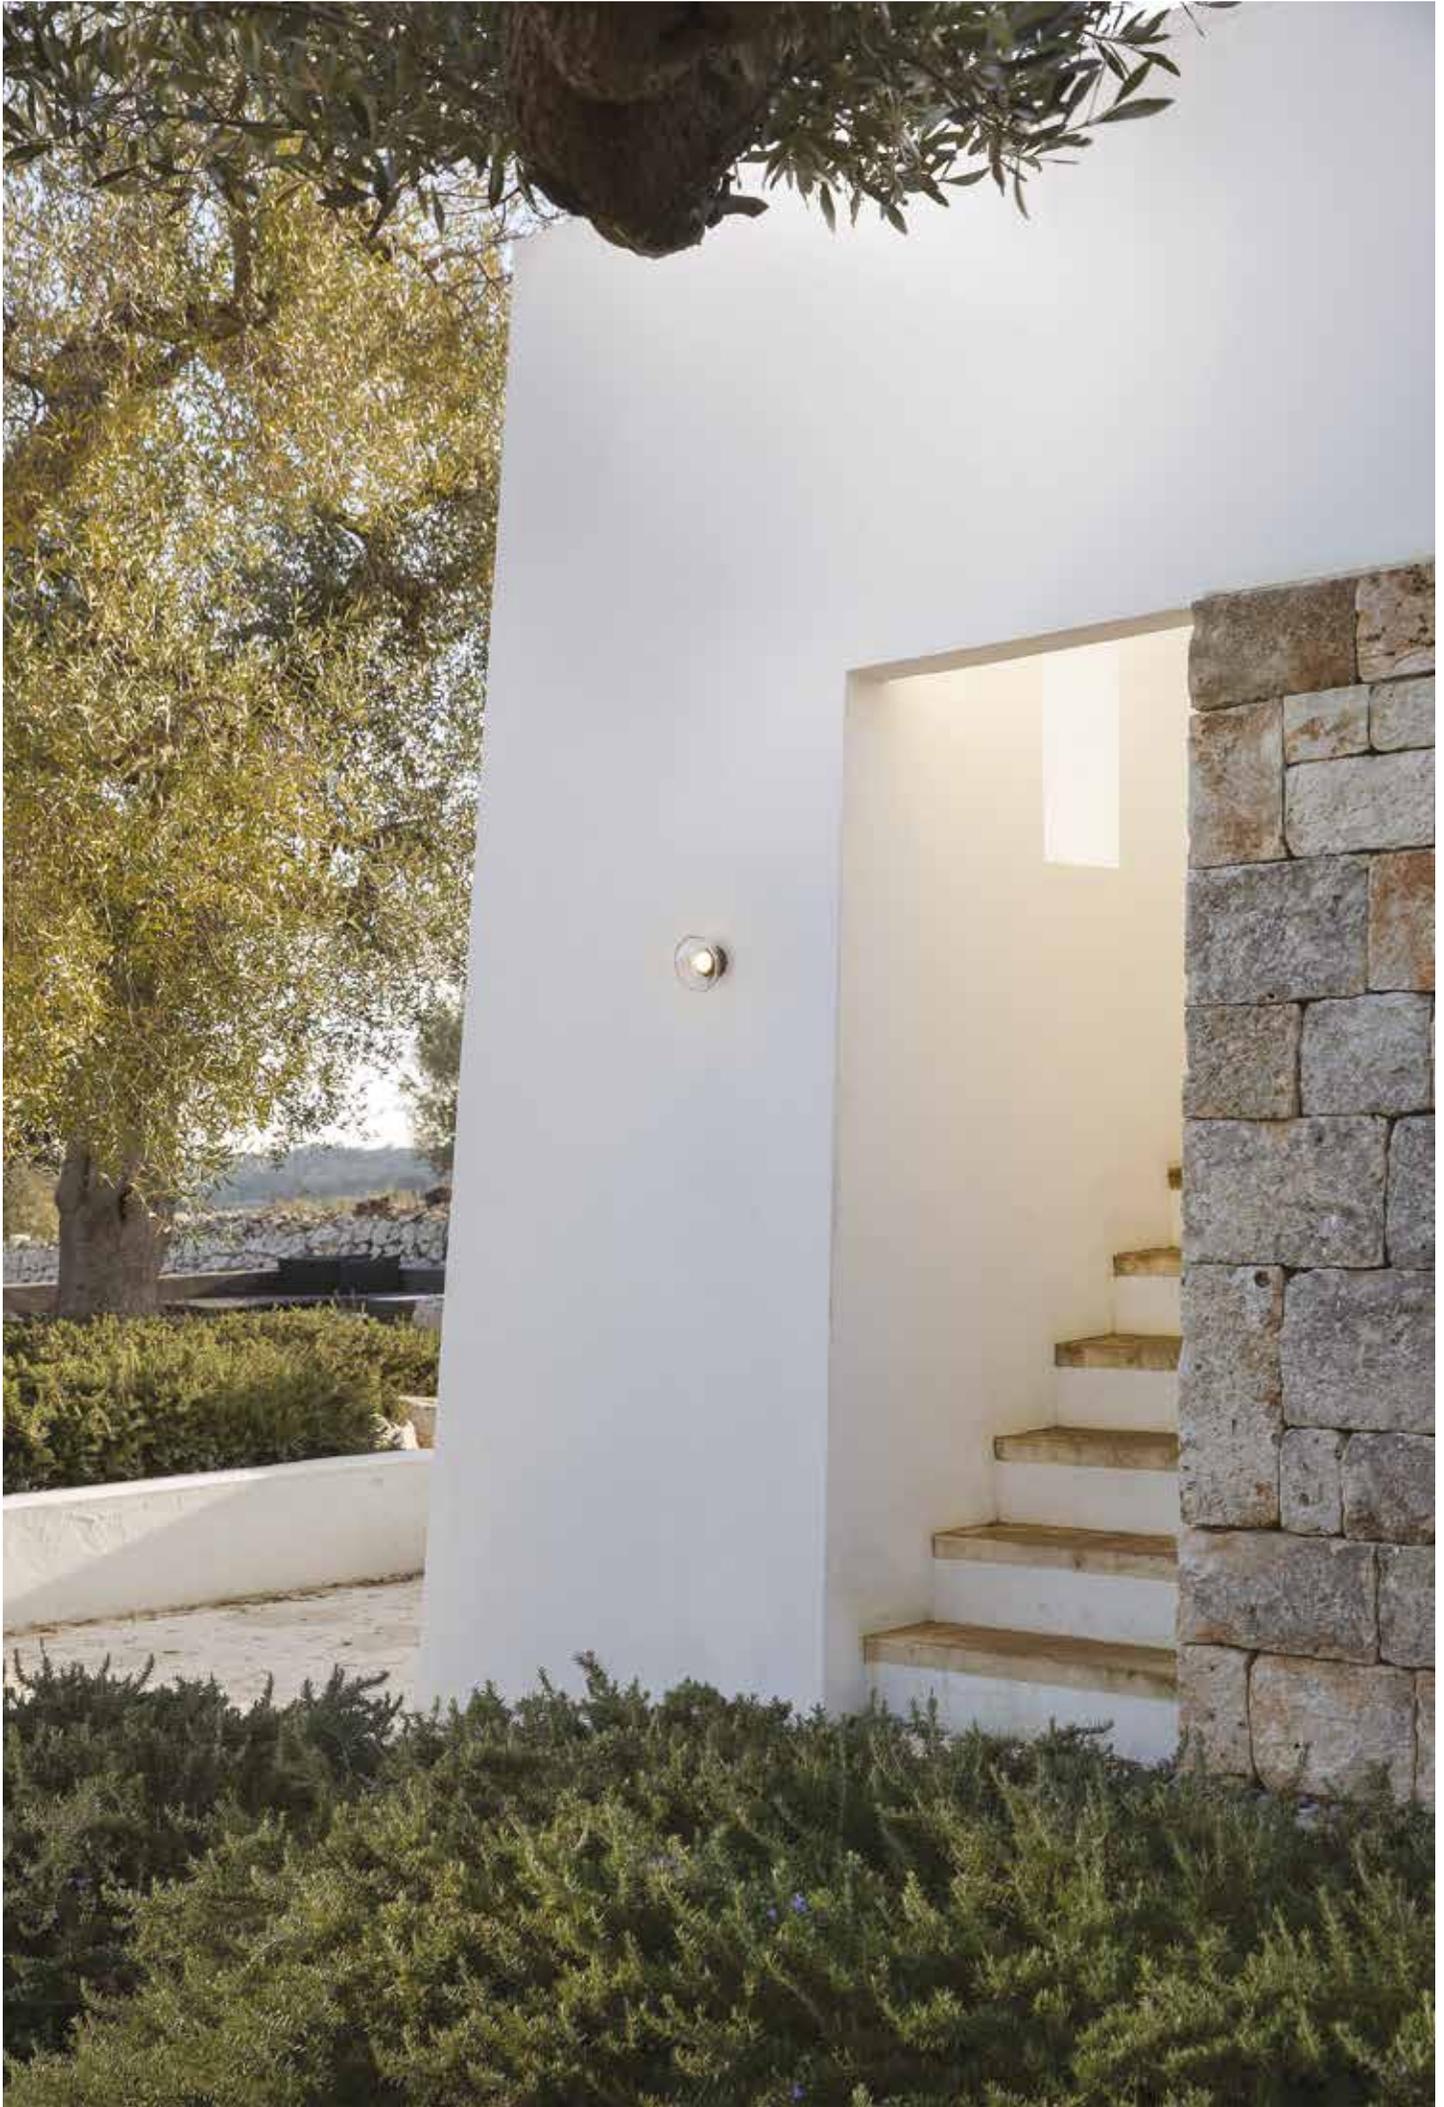

The word 'AGUA' is written vertically in a large, bold, black, sans-serif font. The letters are positioned on the right side of the page, overlapping a vertical strip of a photograph showing water ripples. The background of the entire page is white, with the water image appearing as a vertical column on the right.
